

Flu Training 2019

Training guide (based on latest available information)

1. Online training only—for those who have completed face-to-face training in the last 2 years are CPPE accredited and prepared to self-declare competence. In our view you should have administered at least 20 vaccinations in the last 12 months and feel confident. If the NHS requirements change, you can add on face-to-face training later and offset the cost.
2. If you do not meet the above criteria face-to-face training is a requirement.
3. All PGDs are valid for one year. For best practice and to run a private vaccination clinic we strongly recommend revalidation.

FREE travel health, chickenpox or Men B vaccination training for under 2's

Avicenna online training

1. Provides full guidance and video demonstrations on Anaphylaxis/CPR and a competence test.
2. Our online training course has additional HD video clips which cover techniques for Adrenaline and Pneumococcal.
3. **Private PGDs including; Influenza (includes Intranasal Fluenz), Hepatitis B, Meningitis ACWY, Pneumococcal PPV and Pneumococcal PCV at no extra cost.**
4. Full access to information which covers guides for; Influenza, Hepatitis, Meningitis and Adrenaline, SOPs, Customer Questionnaire, How to set up your Vaccination Clinic, Promoting your Service, FAQs and Needle Stick Injury. Also there is a section on Hajj and Umrah vaccination advice and a template to issue internationally recognised certificates.
